

PROJECTMANAGER.com

Bulk User Discounts

Dear Customer

Thank you for your enquiry about multiple user pricing.

As well as being the *world's smartest online project management software*, ProjectManager.com is also economically priced. At just \$25 for the first user and \$10 for subsequent users per month, it's an affordable way to run your projects. So here is our price list containing discounts for larger volumes of users:

No. Users	Price per user per month
1	\$25
2 - 25	\$10
26 - 50	\$8
51 - 100	\$6
101 - 250	\$4
250+	\$2

Note:

- ✓ All prices shown are in \$US and are per month
- ✓ The price reductions are incremental. For instance, if you were to sign up 50 users, then the 1st user would be \$25/month, the 2nd through to 25th users would be \$10 each and the 26th to 50th users would be \$8.
- ✓ You can add or remove users at any time, in whatever quantities you need.

As you can see, the price drops quickly as you increase the volume of users. So start today by signing up as a single user (if you haven't already) and when you're ready, add more users to your account as you wish.
